PROJECT: SUPPLY AND DELIVERY THREE (3) UNITS NETWORK FIREWALL (PEZA-HO-2012-04)

BID BULLETIN No. 01

(28 May 2012)

This Bulletin is issued to modify or amend the Bid Documents and shall form an integral part of the Bid Documents.

As recommended by the MIS and approved by the BAC, the following are the responses to the queries of Trends & Technologies, Inc. during the pre-bid conference last 24 May 2012:

- 1) Query: Do you require on-board appliance reporting or can we propose a separate appliance?

Answer: On-board/built-in appliance reporting only. Separate appliance will not be accepted.

- 2) Query: Do you require a Certified Engineer for this project for technical support?

Answer: Yes.

Further, Section VII. Technical Specifications Item 12.0-Warranty on Parts, Services and Labor, now has an additional item which will read as follows:

“12.6 Must have Certified Engineers to handle Technical Support.”

For guidance and information of all concerned.

(Sgd.) J. PORFIRIO LL. YUSINGCO

BAC Chairman
