PHILIPPINE BIDDING DOCUMENTS

PEZA MEZ No. 2025-006

INSTALLATION OF REFLECTORIZED THERMOPLASTIC PAVEMENT MARKINGS

ABC Php 3,262,452.17

Government of the Republic of the Philippines

Sixth Edition
July 2020

Preface

These Philippine Bidding Documents (PBDs) for the procurement of Infrastructure Projects (hereinafter referred to also as the "Works") through Competitive Bidding have been prepared by the Government of the Philippines for use by all branches, agencies, departments, bureaus, offices, or instrumentalities of the government, including government-owned and/or -controlled corporations, government financial institutions, state universities and colleges, local government units, and autonomous regional government. The procedures and practices presented in this document have been developed through broad experience, and are for mandatory use in projects that are financed in whole or in part by the Government of the Philippines or any foreign government/foreign or international financing institution in accordance with the provisions of the 2016 revised Implementing Rules and Regulations (IRR) of Republic Act (RA) No. 9184.

The PBDs are intended as a model for admeasurements (unit prices or unit rates in a bill of quantities) types of contract, which are the most common in Works contracting.

The Bidding Documents shall clearly and adequately define, among others: (i) the objectives, scope, and expected outputs and/or results of the proposed contract; (ii) the eligibility requirements of Bidders; (iii) the expected contract duration; and (iv)the obligations, duties, and/or functions of the winning Bidder.

Care should be taken to check the relevance of the provisions of the PBDs against the requirements of the specific Works to be procured. If duplication of a subject is inevitable in other sections of the document prepared by the Procuring Entity, care must be exercised to avoid contradictions between clauses dealing with the same matter.

Moreover, each section is prepared with notes intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They shall not be included in the final documents. The following general directions should be observed when using the documents:

a. All the documents listed in the Table of Contents are normally required for the procurement of Infrastructure Projects. However, they should be adapted as necessary to the circumstances of the particular Project.

b. Specific details, such as the "*name of the Procuring Entity*" and "*address for bid submission*," should be furnished in the Instructions to Bidders, Bid Data Sheet, and Special Conditions of Contract. The final documents should contain neither blank spaces nor options.

c. This Preface and the footnotes or notes in italics included in the Invitation to Bid, BDS, General Conditions of Contract, Special Conditions of Contract, Specifications, Drawings, and Bill of Quantities are not part of the text of the final document, although they contain instructions that the Procuring Entity should strictly follow.

d. The cover should be modified as required to identify the Bidding Documents as to the names of the Project, Contract, and Procuring Entity, in addition to date of issue.

e. Modifications for specific Procurement Project details should be provided in the Special Conditions of Contract as amendments to the Conditions of Contract. For easy completion, whenever reference has to be made to specific clauses in the Bid Data Sheet or Special Conditions of Contract, these terms shall be printed in bold typeface on Sections I (Instructions to Bidders) and III (General Conditions of Contract), respectively.

f. For guidelines on the use of Bidding Forms and the procurement of Foreign-Assisted Projects, these will be covered by a separate issuance of the Government Procurement Policy Board.

Glossary of Terms, Abbreviations, and Acronyms

ABC – Approved Budget for the Contract.

ARCC – Allowable Range of Contract Cost.

BAC – Bids and Awards Committee.

Bid – A signed offer or proposal to undertake a contract submitted by a bidder in response to and in consonance with the requirements of the bidding documents. Also referred to as *Proposal* and *Tender.* (2016 revised IRR, Section 5[c])

Bidder – Refers to a contractor, manufacturer, supplier, distributor and/or consultant who submits a bid in response to the requirements of the Bidding Documents. (2016 revised IRR, Section 5[d])

Bidding Documents – The documents issued by the Procuring Entity as the bases for bids, furnishing all information necessary for a prospective bidder to prepare a bid for the Goods, Infrastructure Projects, and/or Consulting Services required by the Procuring Entity. (2016 revised IRR, Section 5[e])

BIR – Bureau of Internal Revenue.

BSP – Bangko Sentral ng Pilipinas.

CDA – Cooperative Development Authority.

Consulting Services – Refer to services for Infrastructure Projects and other types of projects or activities of the GOP requiring adequate external technical and professional expertise that are beyond the capability and/or capacity of the GOP to undertake such as, but not limited to: (i) advisory and review services; (ii) pre-investment or feasibility studies; (iii) design; (iv) construction supervision; (v) management and related services; and (vi) other technical services or special studies. (2016 revised IRR, Section 5[i])

Contract – Refers to the agreement entered into between the Procuring Entity and the Supplier or Manufacturer or Distributor or Service Provider for procurement of Goods and Services; Contractor for Procurement of Infrastructure Projects; or Consultant or Consulting Firm for Procurement of Consulting Services; as the case may be, as recorded in the Contract Form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.

Contractor – is a natural or juridical entity whose proposal was accepted by the Procuring Entity and to whom the Contract to execute the Work was awarded. Contractor as used in these Bidding Documents may likewise refer to a supplier, distributor, manufacturer, or consultant.

CPI – Consumer Price Index.

DOLE – Department of Labor and Employment.

DTI – Department of Trade and Industry.

Foreign-funded Procurement or Foreign-Assisted Project – Refers to procurement whose funding source is from a foreign government, foreign or international financing institution as specified in the Treaty or International or Executive Agreement. (2016 revised IRR, Section 5[b]).

GFI – Government Financial Institution.

GOCC – Government-owned and/or –controlled corporation.

Goods – Refer to all items, supplies, materials and general support services, except Consulting Services and Infrastructure Projects, which may be needed in the transaction of public businesses or in the pursuit of any government undertaking, project or activity, whether in the nature of equipment, furniture, stationery, materials for construction, or personal property of any kind, including non-personal or contractual services such as the repair and maintenance of equipment and furniture, as well as trucking, hauling, janitorial, security, and related or analogous services, as well as procurement of materials and supplies provided by the Procuring Entity for such services. The term "related" or "analogous services" shall include, but is not limited to, lease or purchase of office space, media advertisements, health maintenance services, and other services essential to the operation of the Procuring Entity. (2016 revised IRR, Section 5[r])

GOP – Government of the Philippines.

Infrastructure Projects – Include the construction, improvement, rehabilitation, demolition, repair, restoration or maintenance of roads and bridges, railways, airports, seaports, communication facilities, civil works components of information technology projects, irrigation, flood control and drainage, water supply, sanitation, sewerage and solid waste management systems, shore protection, energy/power and electrification facilities, national buildings, school buildings, hospital buildings, and other related construction projects of the government. Also referred to as *civil works or works*. (2016 revised IRR, Section 5[u])

LGUs – Local Government Units.

NFCC – Net Financial Contracting Capacity.

NGA – National Government Agency.

PCAB – Philippine Contractors Accreditation Board.

PhilGEPS - Philippine Government Electronic Procurement System.

Procurement Project – refers to a specific or identified procurement covering goods, infrastructure project or consulting services. A Procurement Project shall be described, detailed, and scheduled in the Project Procurement Management Plan prepared by the agency which shall be consolidated in the procuring entity's Annual Procurement Plan. (GPPB Circular No. 06-2019 dated 17 July 2019)

PSA – Philippine Statistics Authority.

SEC – Securities and Exchange Commission.

SLCC – Single Largest Completed Contract.

UN – United Nations.

Section I. Invitation to Bid

Notes on the Invitation to Bid

The Invitation to Bid (IB) provides information that enables potential Bidders to decide whether to participate in the procurement at hand. The IB shall be posted in accordance with Section 21.2 of the 2016 revised IRR of RA No. 9184.

Apart from the essential items listed in the Bidding Documents, the IB should also indicate the following:

a. The date of availability of the Bidding Documents, which shall be from the time the IB is first advertised/posted until the deadline for the submission and receipt of bids;

b. The place where the Bidding Documents may be acquired or the website where it may be downloaded;

c. The deadline for the submission and receipt of bids; and

d. Any important bid evaluation criteria.

The IB should be incorporated into the Bidding Documents. The information contained in the IB must conform to the Bidding Documents and in particular to the relevant information in the Bid Data Sheet.

Republic of the Philippines
PHILIPPINE ECONOMIC ZONE AUTHORITY

Invitation to Bid for *Installation of Reflectorized Thermoplastic Pavement Markings*

1. The **Philippine Economic Zone Authority**, through the Approved Corporate Operating Budget for the year 2025 intends to apply the sum of **Three Million Two Hundred Sixty-Two Thousand Four Hundred Fifty-Two Pesos and 17/100 centavos (ABC Php3,262,452.17)** being the Approved Budget for the Contract (ABC) to payments under the contract for the **Installation of Reflectorized Thermoplastic Pavement Markings** with **Project Identification Number 2025-006**. Bids received in excess of the ABC shall be automatically rejected at bid opening.

2. The **Philippine Economic Zone Authority** now invites bids for the above Procurement Project. Completion of the Works is required sixty (60) calendar days. Bidders should have completed a contract similar to the Project. The description of an eligible bidder is contained in the Bidding Documents, particularly, in Section II (Instructions to Bidders).

3. Bidding will be conducted through open competitive bidding procedures using non-discretionary "pass/fail" criterion as specified in the 2016 revised Implementing Rules and Regulations (IRR) of Republic Act (RA) No. 9184.

4. Interested bidders may obtain further information from Philippine Economic Zone Authority and inspect the Bidding Documents at the address given below from Monday to Friday; 8:00am to 5:00pm.

5. A complete set of Bidding Documents may be acquired by interested bidders on **03 July 2025** from given address and website below and upon payment of the applicable fee for the Bidding Documents, pursuant to the latest Guidelines issued by the GPPB, in the amount of **Five Thousand Pesos (Php5,000.00**). The Procuring Entity shall allow the bidder to present its proof of payment through electronic means.

   Interested bidders shall send an email at mezbac@peza.gov.ph for the issuance of Order of payment. All PEZA transactions and fees can only be paid through **https://epay.peza.gov.ph**.

6. The Philippine Economic Zone Authority will hold a Pre-Bid Conference[1] **on 11 July 2025; 10:00am** at **2/F, MEZ Function Hall, PEZA Administration Building, Mactan Economic Zone, Lapu-lapu City** and/or through videoconferencing via MS Teams, which shall be open to prospective bidders. videoconferencing/webcasting via MS. Teams through link; ***https://tinyurl.com/3863hmjb.***

[1] May be deleted in case the ABC is less than One Million Pesos (PhP1,000,000) where the Procuring Entity may not hold a pre-bid conference.

7. Bids must be duly received by the BAC Secretariat through manual submission at the office address as indicated below on or before **23 July 2025; 10:00am**. Late bids shall not be accepted.

   To ensure the proper submission of bids, all bidders are required to submit a single, securely sealed and appropriately marked "Mother Envelope" containing all the necessary documents outlined in this ITB and Section VIII of the bidding documents. Each envelope must be clearly labeled and include the following details:

   1. Name/Project Title of the contract to be bid;
   2. Name and Address of the bidder;
   3. Recipient Bids and Awards Committee (BAC)/ Procuring Entity (PE);
   4. "Do not open before (date/time of the opening of bids)"

   Contents of the Mother Envelope:

Envelope 1 (Original copy)	Envelope 2 (photocopy)
COPY 1: Technical Component Envelope *must be in accordance to Section VIII of the bidding document	COPY 2 and 3: Copy of Technical Component Envelope
COPY 1: Financial Component Envelope *must be in accordance to Section VIII of the bidding document	COPY 2 and 3: Copy of Financial Component Envelope

8. All bids must be accompanied by a bid security in any of the acceptable forms and in the amount stated in **ITB** Clause 16.

9. Bid opening shall be on **23 July 2025; 10:00am** at the given address. Bids will be opened in the presence of the bidders' representatives who choose to attend the activity or through videoconferencing via MS Team with link; ***https://tinyurl.com/2savw76d***.

10. In the case the above is declared a special non-working holiday, it will be reset on the next working day.

11. The Philippine Economic Zone Authority reserves the right to reject any and all bids, declare a failure of bidding, or not award the contract at any time prior to contract award in accordance with Sections 35.6 and 41 of the 2016 revised Implementing Rules and Regulations (IRR) of RA No. 9184, without thereby incurring any liability to the affected bidder or bidders.

12. For further information, please refer to:

    Secretariat, MEZ Bids and Awards Committee
    Philippine Economic Zone Authority
    Administration Building, AAI Compound
    Mactan Economic Zone, Lapu-lapu City

ARNEL M. SUYU
MEZ BAC Chairperson

Section II. Instructions to Bidders

Notes on the Instructions to Bidders

This Section on the Instruction to Bidders (ITB) provides the information necessary for bidders to prepare responsive bids, in accordance with the requirements of the Procuring Entity. It also provides information on bid submission, eligibility check, opening and evaluation of bids, post-qualification, and on the award of contract.

1. Scope of Bid

The Procuring Entity, **Philippine Economic Zone Authority** invites Bids for the Installation of Reflectorized Thermoplastic Pavement Markings, with Project Identification Number **PEZA MEZ No. 2025-006.**

The Procurement Project (referred to herein as "Project") is for the construction of Works, as described in Section VI (Specifications).

2. Funding Information

2.1. The GOP through the source of funding as indicated below for Approved Corporate Budget for the year 2025 in the amount of **Three Million Two Hundred Sixty-Two Thousand Four Hundred Fifty-Two pesos and 17/100 centavos (ABC Php 3,262,452.17).**

2.2. The source of funding is GOCC and GFIs, the proposed Corporate Operating Budget.

3. Bidding Requirements

The Bidding for the Project shall be governed by all the provisions of RA No. 9184 and its 2016 revised IRR, including its Generic Procurement Manual and associated policies, rules and regulations as the primary source thereof, while the herein clauses shall serve as the secondary source thereof.

Any amendments made to the IRR and other GPPB issuances shall be applicable only to the ongoing posting, advertisement, or invitation to bid by the BAC through the issuance of a supplemental or bid bulletin.

The Bidder, by the act of submitting its Bid, shall be deemed to have inspected the site, determined the general characteristics of the contracted Works and the conditions for this Project, such as the location and the nature of the work; (b) climatic conditions; (c) transportation facilities; (c) nature and condition of the terrain, geological conditions at the site communication facilities, requirements, location and availability of construction aggregates and other materials, labor, water, electric power and access roads; and (d) other factors that may affect the cost, duration and execution or implementation of the contract, project, or work and examine all instructions, forms, terms, and project requirements in the Bidding Documents.

4. Corrupt, Fraudulent, Collusive, Coercive, and Obstructive Practices

The Procuring Entity, as well as the Bidders and Contractors, shall observe the highest standard of ethics during the procurement and execution of the contract. They or through an agent shall not engage in corrupt, fraudulent, collusive, coercive, and obstructive practices defined under Annex "I" of the 2016 revised IRR of RA No. 9184 or other integrity violations in competing for the Project.

5. Eligible Bidders

5.1. Only Bids of Bidders found to be legally, technically, and financially capable will be evaluated.

5.2. The Bidder must have an experience of having completed a Single Largest Completed Contract (SLCC) that is similar to this Project, equivalent to at least fifty percent (50%) of the ABC adjusted, if necessary, by the Bidder to current prices using the PSA's CPI, except under conditions provided for in Section 23.4.2.4 of the 2016 revised IRR of RA No. 9184.

A contract is considered to be "similar" to the contract to be bid if it has the major categories of work stated in the **BDS**.

5.3. For Foreign-funded Procurement, the Procuring Entity and the foreign government/foreign or international financing institution may agree on another track record requirement, as specified in the Bidding Document prepared for this purpose.

5.4. The Bidders shall comply with the eligibility criteria under Section 23.4.2 of the 2016 IRR of RA No. 9184.

6. Origin of Associated Goods

There is no restriction on the origin of Goods other than those prohibited by a decision of the UN Security Council taken under Chapter VII of the Charter of the UN.

7. Subcontracts

7.1. Subcontracting is not allowed.

8. Pre-Bid Conference

The Procuring Entity will hold a pre-bid conference for this Project on the specified date and time and either at its physical address at **2/F, MEZ Function Hall, PEZA Administration Building, Mactan Economic Zone, Lapu-lapu City** and/or through videoconferencing/webcasting} as indicated in paragraph 6 of the **IB.**

9. Clarification and Amendment of Bidding Documents

Prospective bidders may request for clarification on and/or interpretation of any part of the Bidding Documents. Such requests must be in writing and received by the Procuring Entity, either at its given address or through electronic mail indicated in the **IB**, at least ten (10) calendar days before the deadline set for the submission and receipt of Bids.

10. Documents Comprising the Bid: Eligibility and Technical Components

10.1. The first envelope shall contain the eligibility and technical documents of the Bid as specified in **Section IX. Checklist of Technical and Financial Documents**.

10.2. If the eligibility requirements or statements, the bids, and all other documents for submission to the BAC are in foreign language other than English, it must be accompanied by a translation in English, which shall be authenticated by the appropriate Philippine foreign service establishment, post, or the equivalent office having jurisdiction over the foreign bidder's affairs in the Philippines. For Contracting Parties to the Apostille Convention, only the translated documents shall be authenticated through an apostille pursuant to GPPB Resolution No. 13-2019 dated 23 May 2019. The English translation shall govern, for purposes of interpretation of the bid.

10.3. A valid special PCAB License in case of Joint Ventures, and registration for the type and cost of the contract for this Project. Any additional type of Contractor license or permit shall be indicated in the **BDS**.

10.4. A List of Contractor's key personnel (e.g., Project Manager, Project Engineers, Materials Engineers, and Foremen) assigned to the contract to be bid, with their complete qualification and experience data shall be provided. These key personnel must meet the required minimum years of experience set in the **BDS**.

10.5. A List of Contractor's major equipment units, which are owned, leased, and/or under purchase agreements, supported by proof of ownership, certification of availability of equipment from the equipment lessor/vendor for the duration of the project, as the case may be, must meet the minimum requirements for the contract set in the **BDS**.

11. Documents Comprising the Bid: Financial Component

11.1. The second bid envelope shall contain the financial documents for the Bid as specified in **Section IX. Checklist of Technical and Financial Documents**.

11.2. Any bid exceeding the ABC indicated in paragraph 1 of the **IB** shall not be accepted.

11.3. For Foreign-funded procurement, a ceiling may be applied to bid prices provided the conditions are met under Section 31.2 of the 2016 revised IRR of RA No. 9184.

12. Alternative Bids

Bidders shall submit offers that comply with the requirements of the Bidding Documents, including the basic technical design as indicated in the drawings and specifications. Unless there is a value engineering clause in the **BDS**, alternative Bids shall not be accepted.

13. Bid Prices

All bid prices for the given scope of work in the Project as awarded shall be considered as fixed prices, and therefore not subject to price escalation during contract implementation, except under extraordinary circumstances as determined by the NEDA and approved by the GPPB pursuant to the revised Guidelines for Contract Price Escalation guidelines.

14. Bid and Payment Currencies

14.1. Bid prices may be quoted in the local currency or tradeable currency accepted by the BSP at the discretion of the Bidder. However, for purposes of bid evaluation, Bids denominated in foreign currencies shall be converted to Philippine currency based on the exchange rate as published in the BSP reference rate bulletin on the day of the bid opening.

14.2. Payment of the contract price shall be made in **Philippine Pesos.**

15. Bid Security

15.1. The Bidder shall submit a Bid Securing Declaration or any form of Bid Security in the amount indicated in the **BDS**, which shall be not less than the percentage of the ABC in accordance with the schedule in the **BDS**.

15.2. The Bid and bid security shall be valid for 120 days. Any bid not accompanied by an acceptable bid security shall be rejected by the Procuring Entity as non-responsive.

16. Sealing and Marking of Bids

Each Bidder shall submit one copy of the first and second components of its Bid.

The Procuring Entity may request additional hard copies and/or electronic copies of the Bid. However, failure of the Bidders to comply with the said request shall not be a ground for disqualification.

If the Procuring Entity allows the submission of bids through online submission to the given website or any other electronic means, the Bidder shall submit an electronic copy of its Bid, which must be digitally signed. An electronic copy that cannot be opened or is corrupted shall be considered non-responsive and, thus, automatically disqualified.

17. Deadline for Submission of Bids

The Bidders shall submit on the specified date and time and either at its physical address or through online submission as indicated in paragraph 7 of the **IB.**

18. Opening and Preliminary Examination of Bids

18.1. The BAC shall open the Bids in public at the time, on the date, and at the place specified in paragraph 9 of the **IB**. The Bidders' representatives who are present shall sign a register evidencing their attendance. In case videoconferencing,

webcasting or other similar technologies will be used, attendance of participants shall likewise be recorded by the BAC Secretariat.

In case the Bids cannot be opened as scheduled due to justifiable reasons, the rescheduling requirements under Section 29 of the 2016 revised IRR of RA No. 9184 shall prevail.

18.2. The preliminary examination of Bids shall be governed by Section 30 of the 2016 revised IRR of RA No. 9184.

19. Detailed Evaluation and Comparison of Bids

19.1. The Procuring Entity's BAC shall immediately conduct a detailed evaluation of all Bids rated "*passed*" using non-discretionary pass/fail criteria. The BAC shall consider the conditions in the evaluation of Bids under Section 32.2 of 2016 revised IRR of RA No. 9184.

19.2. If the Project allows partial bids, all Bids and combinations of Bids as indicated in the **BDS** shall be received by the same deadline and opened and evaluated simultaneously so as to determine the Bid or combination of Bids offering the lowest calculated cost to the Procuring Entity. Bid Security as required by **ITB** Clause 15 shall be submitted for each contract (lot) separately.

19.3. In all cases, the NFCC computation pursuant to Section 23.4.2.6 of the 2016 revised IRR of RA No. 9184 must be sufficient for the total of the ABCs for all the lots participated in by the prospective Bidder.

20. Post Qualification

Within a non-extendible period of five (5) calendar days from receipt by the Bidder of the notice from the BAC that it submitted the Lowest Calculated Bid, the Bidder shall submit its latest income and business tax returns filed and paid through the BIR Electronic Filing and Payment System (eFPS), and other appropriate licenses and permits required by law and stated in the **BDS**.

21. Signing of the Contract

The documents required in Section 37.2 of the 2016 revised IRR of RA No. 9184 shall form part of the Contract. Additional Contract documents are indicated in the **BDS**.

Section III. Bid Data Sheet

Notes on the Bid Data Sheet (BDS)

The Bid Data Sheet (BDS) consists of provisions that supplement, amend, or specify in detail, information, or requirements included in the ITB found in Section II, which are specific to each procurement.

This Section is intended to assist the Procuring Entity in providing the specific information in relation to corresponding clauses in the ITB and has to be prepared for each specific procurement.

The Procuring Entity should specify in the BDS information and requirements specific to the circumstances of the Procuring Entity, the processing of the procurement, and the bid evaluation criteria that will apply to the Bids. In preparing the BDS, the following aspects should be checked:

a. Information that specifies and complements provisions of the ITB must be incorporated.

b. Amendments and/or supplements, if any, to provisions of the ITB as necessitated by the circumstances of the specific procurement, must also be incorporated.

Bid Data Sheet

ITB Clause	
5.2	For this purpose, contracts similar to the Project refer to contracts which have the same major categories of work, which shall be: 1.) Infrastructure project with thermoplastic markings application 2.) Completed within ten (10) years prior to the deadline for the submission and receipts of bids.
7.1	Subcontracting is not allowed.
10.3	Valid PCAB License: a. Size Range: **Small B** b. License Category: **C & D** c. Allowable Range of Contract Cost: **up to 30M**
10.4	The key personnel must meet the required minimum years of experience set below:

Key Personnel	General Experience	Relevant Experience
1. Project Manager	5	5
2. Site Engineer	5	5
3. Foreman	5	3
4. Safety Engineer/Officer	5	5
5. First Aider	5	5

10.5	The minimum major equipment requirements are the following:

Equipment	Capacity	Number of Units
Backhoe w/ breaker	0.80 cu.m	1
Payloader	1.50 cu.m	1
Cargo Truck	2 - 5 mt	1
Applicator Machine		1
Kneading Machine		1

12	*Value Engineering not allowed.*
15.1	The bid security shall be in the form of a Bid Securing Declaration or any of the following forms and amounts: a. The amount of not less than (*2%) of* ABC Php 65,249.04, if bid security is in cash, cashier's/manager's check, bank draft/guarantee or irrevocable letter of credit; b. The amount of not less than *(5%) of* ABC Php 163,122.60 if bid security is in Surety Bond.
19.2	Partial bid is not allowed.
20	1. Certified true copy of Income Tax Return stamped received by BIR or its duly accredited and authorized institution for the immediately preceding year and six (6) consecutive months immediately prior to the

	submission of the Bid Proposal filed thru Electronic Filing and Payment System (e-FPS) of the BIR and duly validated confirmation as evidence to the tax payments made; 2. Certified true Copy of latest Business Tax Returns regarding VAT or Percentage Tax duly filed thru Electronic Filing and Payment System (e-FPS) of the BIR and duly validated confirmation as evidence to the tax payments made (Filing Reference Number) covering six (6) consecutive months immediately prior to the submission of the Bid Proposal. The Business Tax Return shall either be quarterly, monthly or a combination of both provided that the above requirement is complied.; 3 Registration certificate from Securities and Exchange Commission (SEC) and Articles of Incorporation and General Information Sheet (GIS), Department of Trade and Industry (DTI) for sole proprietorship, or Cooperative Development Authority (CDA) for cooperatives or its equivalent document; 4. Mayor's or Business permit issued by the city or municipality where the principal place of business of the prospective bidder is located, or the equivalent document for Exclusive Economic Zones or Areas; 5. Tax clearance per E.O. No. 398, s. 2005, as finally reviewed and approved by the Bureau of Internal Revenue (BIR).
21	Additional contract documents relevant to the Project that may be required by existing laws and/or the Procuring Entity, such as: • Construction schedule and S-curve, manpower schedule, construction methods, equipment utilization schedule, construction safety and health program approved by the DOLE, and other acceptable tools of project scheduling.

Section IV. General Conditions of Contract

Notes on the General Conditions of Contract

The General Conditions of Contract (GCC) in this Section, read in conjunction with the Special Conditions of Contract in Section V and other documents listed therein, should be a complete document expressing all the rights and obligations of the parties.

Matters governing performance of the Contractor, payments under the contract, or matters affecting the risks, rights, and obligations of the parties under the contract are included in the GCC and Special Conditions of Contract.

Any complementary information, which may be needed, shall be introduced only through the Special Conditions of Contract.

1. Scope of Contract

This Contract shall include all such items, although not specifically mentioned, that can be reasonably inferred as being required for its completion as if such items were expressly mentioned herein. All the provisions of RA No. 9184 and its 2016 revised IRR, including the Generic Procurement Manual, and associated issuances, constitute the primary source for the terms and conditions of the Contract, and thus, applicable in contract implementation. Herein clauses shall serve as the secondary source for the terms and conditions of the Contract.

This is without prejudice to Sections 74.1 and 74.2 of the 2016 revised IRR of RA No. 9184 allowing the GPPB to amend the IRR, which shall be applied to all procurement activities, the advertisement, posting, or invitation of which were issued after the effectivity of the said amendment.

2. Sectional Completion of Works

If sectional completion is specified in the **Special Conditions of Contract (SCC)**, references in the Conditions of Contract to the Works, the Completion Date, and the Intended Completion Date shall apply to any Section of the Works (other than references to the Completion Date and Intended Completion Date for the whole of the Works).

3. Possession of Site

3.1 The Procuring Entity shall give possession of all or parts of the Site to the Contractor based on the schedule of delivery indicated in the **SCC,** which corresponds to the execution of the Works. If the Contractor suffers delay or incurs cost from failure on the part of the Procuring Entity to give possession in accordance with the terms of this clause, the Procuring Entity's Representative shall give the Contractor a Contract Time Extension and certify such sum as fair to cover the cost incurred, which sum shall be paid by Procuring Entity.

3.2 If possession of a portion is not given by the above date, the Procuring Entity will be deemed to have delayed the start of the relevant activities. The resulting adjustments in contract time to address such delay may be addressed through contract extension provided under Annex "E" of the 2016 revised IRR of RA No. 9184.

4. The Contractor's Obligations

The Contractor shall employ the key personnel named in the Schedule of Key Personnel indicating their designation, in accordance with **ITB** Clause 10.3 and specified in the **BDS**, to carry out the supervision of the Works.

The Procuring Entity will approve any proposed replacement of key personnel only if their relevant qualifications and abilities are equal to or better than those of the personnel listed in the Schedule.

5. Performance Security

5.1. Within ten (10) calendar days from receipt of the Notice of Award from the Procuring Entity but in no case later than the signing of the contract by both parties, the successful Bidder shall furnish the performance security in any of the forms prescribed in Section 39 of the 2016 revised IRR.

5.2. The Contractor, by entering into the Contract with the Procuring Entity, acknowledges the right of the Procuring Entity to institute action pursuant to RA No. 3688 against any subcontractor be they an individual, firm, partnership, corporation, or association supplying the Contractor with labor, materials and/or equipment for the performance of this Contract.

6. Site Investigation Reports

The Contractor, in preparing the Bid, shall rely on any Site Investigation Reports referred to in the **SCC** supplemented by any information obtained by the Contractor.

7. Warranty

7.1. In case the Contractor fails to undertake the repair works under Section 62.2.2 of the 2016 revised IRR, the Procuring Entity shall forfeit its performance security, subject its property(ies) to attachment or garnishment proceedings, and perpetually disqualify it from participating in any public bidding. All payables of the GOP in his favor shall be offset to recover the costs.

7.2. The warranty against Structural Defects/Failures, except that occasioned-on force majeure, shall cover the period from the date of issuance of the Certificate of Final Acceptance by the Procuring Entity. Specific duration of the warranty is found in the **SCC**.

8. Liability of the Contractor

Subject to additional provisions, if any, set forth in the **SCC**, the Contractor's liability under this Contract shall be as provided by the laws of the Republic of the Philippines.

If the Contractor is a joint venture, all partners to the joint venture shall be jointly and severally liable to the Procuring Entity.

9. Termination for Other Causes

Contract termination shall be initiated in case it is determined *prima facie* by the Procuring Entity that the Contractor has engaged, before, or during the implementation of the contract, in unlawful deeds and behaviors relative to contract acquisition and implementation, such as, but not limited to corrupt, fraudulent, collusive, coercive, and obstructive practices as stated in **ITB** Clause 4.

10. Dayworks

Subject to the guidelines on Variation Order in Annex "E" of the 2016 revised IRR of RA No. 9184, and if applicable as indicated in the **SCC**, the Dayworks rates in the

Contractor's Bid shall be used for small additional amounts of work only when the Procuring Entity's Representative has given written instructions in advance for additional work to be paid for in that way.

11. Program of Work

11.1. The Contractor shall submit to the Procuring Entity's Representative for approval the said Program of Work showing the general methods, arrangements, order, and timing for all the activities in the Works. The submissions of the Program of Work are indicated in the **SCC.**

11.2. The Contractor shall submit to the Procuring Entity's Representative for approval an updated Program of Work at intervals no longer than the period stated in the **SCC.** If the Contractor does not submit an updated Program of Work within this period, the Procuring Entity's Representative may withhold the amount stated in the **SCC** from the next payment certificate and continue to withhold this amount until the next payment after the date on which the overdue Program of Work has been submitted.

12. Instructions, Inspections and Audits

The Contractor shall permit the GOP or the Procuring Entity to inspect the Contractor's accounts and records relating to the performance of the Contractor and to have them audited by auditors of the GOP or the Procuring Entity, as may be required.

13. Advance Payment

The Procuring Entity shall, upon a written request of the Contractor which shall be submitted as a Contract document, make an advance payment to the Contractor in an amount not exceeding fifteen percent (15%) of the total contract price, to be made in lump sum, or at the most two installments according to a schedule specified in the **SCC**, subject to the requirements in Annex "E" of the 2016 revised IRR of RA No. 9184.

14. Progress Payments

The Contractor may submit a request for payment for Work accomplished. Such requests for payment shall be verified and certified by the Procuring Entity's Representative/Project Engineer. Except as otherwise stipulated in the **SCC**, materials and equipment delivered on the site but not completely put in place shall not be included for payment.

15. Operating and Maintenance Manuals

15.1. If required, the Contractor will provide "as built" Drawings and/or operating and maintenance manuals as specified in the **SCC.**

15.2. If the Contractor does not provide the Drawings and/or manuals by the dates stated above, or they do not receive the Procuring Entity's Representative's approval, the Procuring Entity's Representative may withhold the amount stated in the **SCC** from payments due to the Contractor.

Section V. Special Conditions of Contract

Notes on the Special Conditions of Contract

Similar to the BDS, the clauses in this Section are intended to assist the Procuring Entity in providing contract-specific information in relation to corresponding clauses in the GCC found in Section IV.

The Special Conditions of Contract (SCC) complement the GCC, specifying contractual requirements linked to the special circumstances of the Procuring Entity, the Procuring Entity's country, the sector, and the Works procured. In preparing this Section, the following aspects should be checked:

a. Information that complements provisions of the GCC must be incorporated.

b. Amendments and/or supplements to provisions of the GCC as necessitated by the circumstances of the specific purchase, must also be incorporated.

However, no special condition which defeats or negates the general intent and purpose of the provisions of the GCC should be incorporated herein.

Special Conditions of Contract

GCC Clause	
2	The intended completion date is Sixty (60) calendar days from receipt of Notice to Proceed.
4.1	Upon receipt of the Notice to Proceed, the Contractors Representative shall immediately coordinate with the Engineering and Maintenance Division for instruction/briefing prior to implementation.
6	The site investigation reports are: Conduct of Site Inspection is strictly required which will be coordinated with Engr. Louie Evans E. Esoto.
7.2	The warranty against Structural Defects/Failures: Thermoplastic Paint: **Two (2) years longevity**
10	Dayworks are applicable at the rate shown in the Contractor's original Bid.
11.1	The Contractor shall submit the Program of Work to the Procuring Entity's Representative within *three (3)* days of delivery of the Notice of Award.
11.2	The amount to be withheld for late submission of an updated Program of Work is Php 25,000.00
13	The amount of the advance payment is *shall not exceed 15% of the total contract price and schedule of payment.*.
14	Materials and equipment delivered on the site but not completely put in place shall not be included for payment.
15.1	The date by which operating and maintenance manuals are required is *five (5) days upon completion*. The date by which "as built" drawings are required is *five (5) days upon completion.*
15.2	The amount to be withheld for failing to produce "as built" drawings and/or operating and maintenance manuals by the date required is *10% of the final Contract Price*.

Section VI. Specifications

Notes on Specifications

A set of precise and clear specifications is a prerequisite for Bidders to respond realistically and competitively to the requirements of the Procuring Entity without qualifying or conditioning their Bids. In the context of international competitive bidding, the specifications must be drafted to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of economy, efficiency, and fairness in procurement be realized, responsiveness of Bids be ensured, and the subsequent task of bid evaluation facilitated. The specifications should require that all goods and materials to be incorporated in the Works be new, unused, of the most recent or current models, and incorporate all recent improvements in design and materials unless provided otherwise in the Contract.

Samples of specifications from previous similar projects are useful in this respect. The use of metric units is mandatory. Most specifications are normally written specially by the Procuring Entity or its representative to suit the Works at hand. There is no standard set of Specifications for universal application in all sectors in all regions, but there are established principles and practices, which are reflected in these PBDs.

There are considerable advantages in standardizing General Specifications for repetitive Works in recognized public sectors, such as highways, ports, railways, urban housing, irrigation, and water supply, in the same country or region where similar conditions prevail. The General Specifications should cover all classes of workmanship, materials, and equipment commonly involved in construction, although not necessarily to be used in a particular Works Contract. Deletions or addenda should then adapt the General Specifications to the particular Works.

Care must be taken in drafting specifications to ensure that they are not restrictive. In the specification of standards for goods, materials, and workmanship, recognized international standards should be used as much as possible. Where other particular standards are used, whether national standards or other standards, the specifications should state that goods, materials, and workmanship that meet other authoritative standards, and which ensure substantially equal or higher quality than the standards mentioned, will also be acceptable. The following clause may be inserted in the SCC.

Sample Clause: Equivalency of Standards and Codes

Wherever reference is made in the Contract to specific standards and codes to be met by the goods and materials to be furnished, and work performed or tested, the provisions of the latest current edition or revision of the relevant standards and codes in effect shall apply, unless otherwise expressly stated in the Contract. Where such standards and codes are

national, or relate to a particular country or region, other authoritative standards that ensure a substantially equal or higher quality than the standards and codes specified will be accepted subject to the Procuring Entity's Representative's prior review and written consent. Differences between the standards specified and the proposed alternative standards shall be fully described in writing by the Contractor and submitted to the Procuring Entity's Representative at least twenty-eight (28) days prior to the date when the Contractor desires the Procuring Entity's Representative's consent. In the event the Procuring Entity's Representative determines that such proposed deviations do not ensure substantially equal or higher quality, the Contractor shall comply with the standards specified in the documents.

These notes are intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They should not be included in the final Bidding Documents.

PROJECT: INSTALLATION OF REFLECTORIZED THERMOPLASTIC PAVEMENT MARKINGS

LOCATION: MEZ I, IBO, LAPULAPU CITY, CEBU

I. PROJECT INFORMATION

A. BACKGROUND

The Philippine Economic Zone Authority (PEZA), through the approved allocation fund for infrastructure projects for 2024 intends to utilize the sum of THREE MILLION TWO HUNDRED SIXTY-TWO THOUSAND FOUR HUNDRED FIFTY-TWO PESOS and SEVENTEEN CENTAVOS *(₱ 3,262,452.17)* being the approved budget of the Contract (ABC) for the Procurement and Implementation of INSTALLATION OF REFLECTORIZED THERMOPLASTIC PAVEMENT MARKINGS Project

B. DESCRIPTION

PEZA has recognized the safety of our locators, Pedestrians and motorists. It is envisioned by PEZA to implement a development plan of a clear and effective system of pavement markings that is essential in road safety and traffic management and is vital in the management and administration of the Mactan Economic Zone.

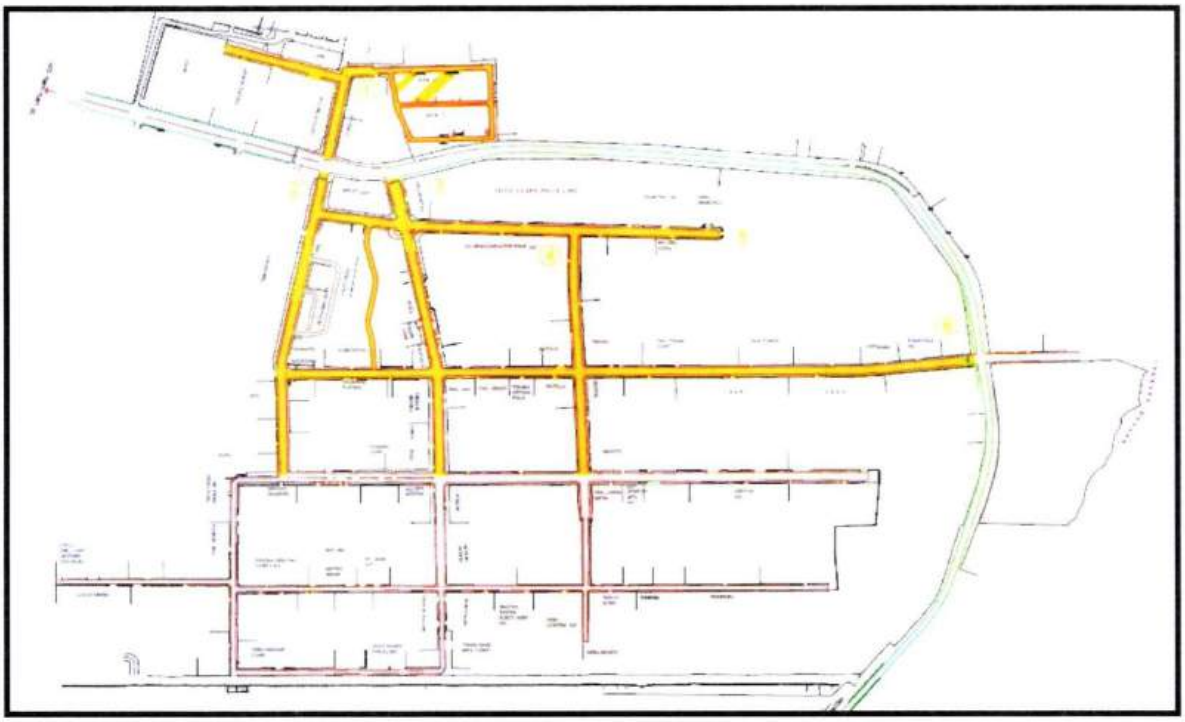

Fig. A – Identified areas for Reflectorized Thermosplastic Application (in yellow mark).

II. GENERAL REQUIREMENTS

A. Scope

The Contractor shall furnish all necessary materials, Labor, equipment and other faciltities for the satisfactory completion of the project in accordance to the specifications and set standards.

B. Mobilization / Demobilization

- Mobilization shall include transportation to the site of contractor's materials, equipment, employees and furnishings.

- Demobilization shall include removal from the site of contractor's materials and equipment. Demobilization includes clean-up of the site after completion of the contract work, this includes hauling and disposal of construction debris / furnishings, Removal of temporary shelters, and Pullout of personnel.

B. Temporary Facilities

The Contractor shall provide a temporary shelter for its materials and equipment, location of which shall be duly approved by PEZA. but shall not be permitted to erect temporary buildings or structures inside the zone.

C. Construction Safety and Health

- The contractor shall submit appropriate Construction Safety and Health Program (CSHP) in accordance with DOLE D.O. no. 13, series of 1998, and shall be enforced at all times.

- The contractor shall provide appropriate personal protective equipment (PPE) at its own expense and shall be in conformance and shall not be less than the quantity indicated in Program of Works.

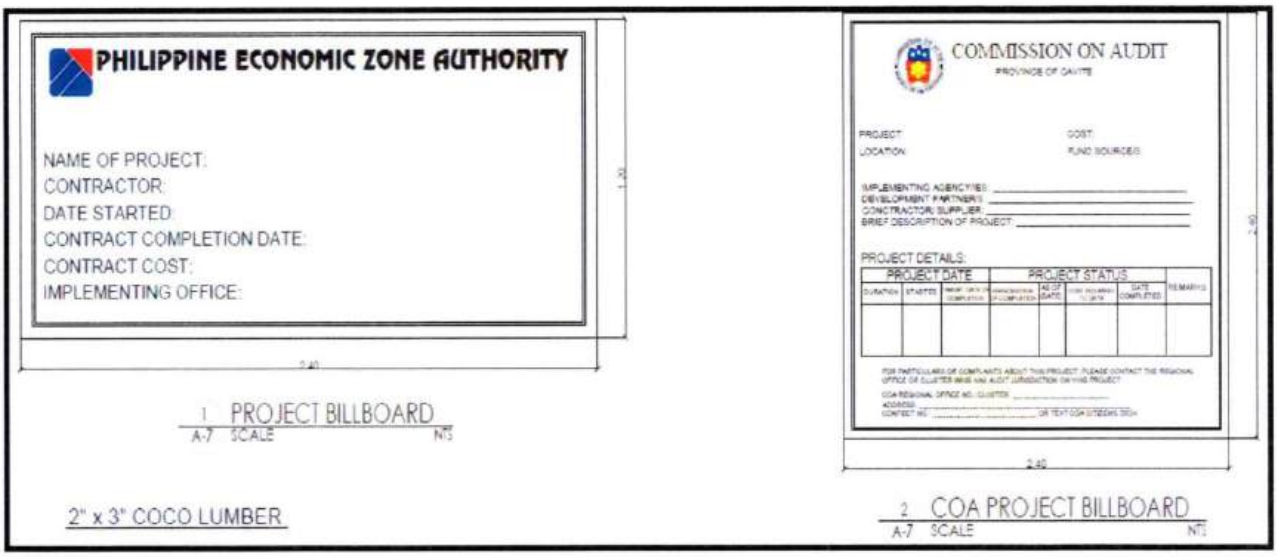
- The Contractor shall provide barricades and Safety Signages to advice the workers and the public of the hazards existing in the worksite.

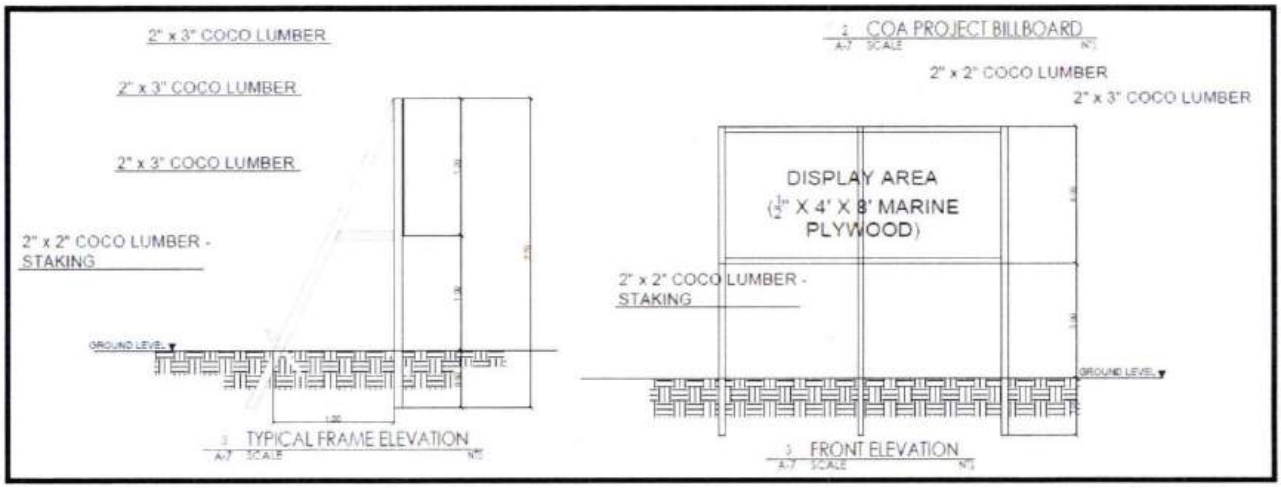
- The Contractor shall provide welfare facilities to its employees. Adequate supply of safe drinking water; Adequate sanitary and washing facilities and other facilities.

D. Project Billboard

a. The contractor shall install one (1) billboard in projects site measuring 1200mmx2400mm.

b. The contractor shall also install one (1) billboard as per COA circular no. 2013-004.





E. Traffic Management

- The Contractor shall protect pedestrians, vehicles and other traffic adjacent to the working area against damage or disfigurement by construction equipment, tools and materials or by spatters, splashes and smirches or paint or other construction materials and during the course of the work, provide and maintain adequate signs and signals for warning and guidance of traffic.

III. SPECIFICATIONS

REFLECTORIZED THERMOPLASTIC

A. Materials / Equipment

a. Materials and Equipment shall conform to the required specifications and requirements indicated in the design and Construction Plan and DPWH Standard Specification for Item 612 - Reflective Thermoplastic Stripping Materials (Solid Form) with Performance Requirements

b. Manufacturer's certifications, complete with its specification and testing reports shall be forwarded to the Procuring Agency. Certificates shall be signed by the manufacturer's authorized official.

c. Testing of materials, if necessary, such as Paints, Beads and other materials. shall be at the expense of the Contractor. The materials subject to testing shall not be allowed to be incorporated into the work until tests or certifications have been presented.

B. Application Properties

a. The thermoplastic material shall readily extrude at a temperature of 211 ± 7°C, from approved equipment to produce a line with a minimum thickness of 3.2 mm which shall be continuous and uniform in shape having clear and sharp dimensions.

b. The material shall not exude fumes which are toxic, obnoxious or injurious to persons or property when heated during application.

c. The rate of application and size of glass beads for drop-on method shall be at the option of the manufacturer/applicator, provided that all the performance requirements are met.

d. The applied thermoplastic pavement markings shall have a minimum of two (2) years of longevity/durability.

C. Application Method

a. Preparation of Road Surface :

The materials should be applied only on the surface which is clean and dry. It shall not be laid into loose detritus, mud or similar extraneous matter, or over an old paint markings, or over an old thermoplastic marking which is faulty. In the case of smooth, polished surface stones such as smooth concrete, old asphalt surfacing with smooth polished surface stones and/or where the method of application of the manufacturer of the thermoplastic materials shall be recommended, and with the approval of the Engineer.

b. Preparation of Road Surface for Construction Joints:

Asphalt road construction joints – road surface shall be cleaned first using blower to remove dust and other foreign objects prior to the application of asphalt sealant to road centerlines on the asphalt roads.

Pavement construction joints – construction joints at road centerlines along South Avenue and parts of East and Rotary Avenue shall be applied with asphalt sealant preceding to the application of primer.

c. Preparation of Thermoplastic Materials:

The materials shall be melted in accordance with the manufacturer's instruction in a heater fitted with a mechanical stirrer to give a smooth consistency to the thermoplastic and such the local overheating shall be avoided. The temperature of the mass shall be within the range specified by the manufacturer and shall on no account be allowed to exceed the maximum temperature stated by the manufacturer. The molten material shall be used as expeditiously as possible and for thermoplastics which have natural resin binders or otherwise sensitive to prolong heating the materials shall not bemaintained in a molten condition for more than 4 hours.

d. Laying:

Center lines, lane lines and edges lines shall be applied by approved mechanical means and shall be laid in regular alignment. Other markings may be applied by hand-screed, hand propelled machine or by self-propelled machine. After transfer to the laying apparatus the materials shall be maintained within the temperature ranges specified by the manufacturer and stirred to maintain the right consistency for laying.

e. Re-use of Thermoplastic Materials:

at the end of the day's as much as possible the material remaining in the heater and /or laying apparatus shall be removed. This may be broken and used again provided that the maximum heating temperature has not been exceeded and that the total time during which it is a molten condition.

HUMPS

a. Methodology:

Unless otherwise specified herein, the specification to be used in this project will be the latest and current DPWH Standards Specifications for Public Works and Highways ("Blue Book"). In particular, Volume II of the Blue Book shall be used if the Contract pertains to Highways, Bridges, and Airports. Volume III of the Blue Book shall be used if the Contract pertains to Buildings, Flood Control and Drainage, or Water Supply. The Blue Book incorporates standards of the American Association of State Highway and Transportation Officials (AASHTO), American Society for Testing and Materials (ASTM), and American Concrete Institute (ACI), among others, pertaining to construction.

PCC Humps (Unreinforced) 0.33m thk 3,500 psi @ 7 Days This item shall consist of the constructing the concrete humps in accordance with the plans/drawings or as directed by the Engineer.

b. Site Preparation:

- Use Concrete Cutter (14" blade) to cut the specific width and length of the existing concrete pavement as specified in the plans/drawings or as specified/directed by the Engineer.

- For the breaking, use a Backhoe with Pavement Breaker.

- Aggregate Base Course – the same as indicated in the DPWH Bluebook for Aggregate Base Course.

– Compaction – use a Plate Compactor (5hp) to compact the base course, must attain 100% degree of compaction.

c. Concreting:

the same as indicated in the DPWH Bluebook for Portland Cement Concrete Pavement (PCCP). The concrete humps shall have 3,500 psi compressive strength @ 7 days. Dimensions will be indicated in the plans/drawings or as specified/directed by the Engineer.

IV. GENERAL CONDIITONS OF THE CONTRACT

A. Major Obligations of the Contractor:

- The Contractor shall supply labor, tools, materials and equipment necessary for the completion of the project.

- The Contractor shall conduct preliminary Project Evaluation, Review Detailed Survey of Roads.

- The Contractor shall secure necessary permits prior to commencement of the project.

- The Contractor shall undertake the Construction of the Project in accordance with the approved Construction Drawings and Specifications, and the scope of work as specified in the contract.

- The Contractor shall provide Progress Report, information / updates for any development or deviation and corrections in a regular basis or as agreed, to Engineering and Maintenance Division.

- The Contractor shall correct defective materials or workmanship - materials which are defective or have been applied in an unsatisfactory manner or to incorrect dimensions or in a wrong location shall be removed, the road pavement shall be made good and materials replaced, reconstructed and/or properly located, all at the Contractor's expense.

- The Contractor shall be liable for any loss, damage or injury due directly through its personnel's fault or negligence. The Contractor shall assume responsibility from any liability arising thereof.

- The Contractor shall assume full responsibility for the repairs/damages, safety and protection of its personnel and third parties from the commencement of the project until its final acceptance including its warranty period. As specified in Section 62. Warranty, IRR of R.A. 9184.

B. Major Obligations of Philippine Economic Zone Authority (PEZA)

- PEZA shall supervise, monitor and control the implementation and progress of the project.

- PEZA shall constitute an Inspectorate team which shall be responsible in assisting the EMD in recommending appropriate measures and improvements, when necessary, as well as to make preliminary inspection, submit a punch-list to the contractor and recommend the acceptance of the project for the approval of the concerned PEZA official.

- Pay the contractor for the supply of materials, labor and equipment for the project.

C. Payment Schedule

- PEZA shall allow the contractor an advance mobilization fee upon the written request of the contractor. Mobilization fee shall not exceed 15% of the total contract price.

- The Contractor may submit a request for a progress payment based on the percentage of work accomplished, supported by the progress report and Work Accomplished.

D. Liquidated Damages

- Failure to comply with the terms and conditions of the contract will result to corresponding fees and penalties. As indicated in Section 68. Liquidated Damages, IRR of R.A. 9184.

E. Pre-Termination of Contract

- The contract for the project, INSTALLATION OF REFLECTORIZED THERMOPLASTIC PAVEMENT MARKINGS maybe pre-terminated upon any violation of the contracts terms. In-case of pre-termination, the Contractor shall be notified.

V. Project Implementation / Construction Phase

Workers Barracks – The Contractor shall provide off-site accommodations/Barracks for workers at his own expense. The Contractor to provide Service vehicle to convey its employees/workers in and out of worksite.

Water and Electricity – As needed, The Contractor shall install temporary power and water connection and shall shoulder the amount based on the actual usage.

Progress Report – The Contractor shall prepare weekly, Monthly accomplishment reports supported with Charts, Graphs, Images to monitor actual progress.

Material & Equipment Pullouts – all outgoing Materials and Equipment, from the zone shall be subject to inspection and approval of EMD and Zone Police Unit (ZPU).

Material handling/Storage – PEZA Shall identify a staging area for retention and storage of construction materials and other affected facilities. Materials shall be properly stored and managed in an orderly manner.

Waste Disposal – Construction, hazardous and Residual waste shall be segregated and disposed properly. All waste for pullout and exit from the zone shall be subject to inspection of the Environment Health and Safety Division (EHSD), Engineering and Maintenance Division (EMD) and Zone Police Unit (ZPU).

VI. Implementation Schedule

- The Contractor shall implement a Construction implementation schedule and the construction project shall be completed within Sixty Calendar Days (60 CD) from the date of receipt of Notice to Proceed (NTP).

VII. Eligibility Critera for Bidders

- The requirements of eligibility of bidders shall adopt to the provisions of Eligibility Requirements of Section 23 – Eligibility of requirements, of the IRR of RA 9184 (Government Procurement Reform Act) and in the instructions to Bidders.

- The bidder must have an experience on Reflectorized Thermoplastic Application or other similar pavement application projects within the last Ten (10) years.

VIII. Contractors key Personnel

The key professionals and the respective qualifications of the key Personnel shall be as follows:

a. Project Manager - The Project Manager shall have at least Five (5) years experience in project management and project implementation.

b. Site Engineer - The Site Engineer must be duly-licensed Civil Engineer with at least Five (5) years experience in project supervision and implementation.

c. Foreman - The Foreman must have at least Three (3) years experience in onsite coordination, day-to-day work delivery/accomplishment.

d. Safety Engineer / Officer - The Safety Engineer / Officer must have the required trainings/certificates and must have at least five (5) years experience as a Safety Engineer / Officer.

e. First Aider – First Aider must have the required training/certificates and must have at least three (3) years experience as a first aider.

Section VIII. Bill of Quantities

Notes on the Bill of Quantities

Objectives

The objectives of the Bill of Quantities are:

a. to provide sufficient information on the quantities of Works to be performed to enable Bids to be prepared efficiently and accurately; and

b. when a Contract has been entered into, to provide a priced Bill of Quantities for use in the periodic valuation of Works executed.

In order to attain these objectives, Works should be itemized in the Bill of Quantities in sufficient detail to distinguish between the different classes of Works, or between Works of the same nature carried out in different locations or in other circumstances which may give rise to different considerations of cost. Consistent with these requirements, the layout and content of the Bill of Quantities should be as simple and brief as possible.

Daywork Schedule

A Daywork Schedule should be included only if the probability of unforeseen work, outside the items included in the Bill of Quantities, is high. To facilitate checking by the Entity of the realism of rates quoted by the Bidders, the Daywork Schedule should normally comprise the following:

a. A list of the various classes of labor, materials, and Constructional Plant for which basic daywork rates or prices are to be inserted by the Bidder, together with a statement of the conditions under which the Contractor will be paid for work executed on a daywork basis.

b. Nominal quantities for each item of Daywork, to be priced by each Bidder at Daywork rates as Bid. The rate to be entered by the Bidder against each basic Daywork item should include the Contractor's profit, overheads, supervision, and other charges.

Provisional Sums

A general provision for physical contingencies (quantity overruns) may be made by including a provisional sum in the Summary Bill of Quantities. Similarly, a contingency allowance for possible price increases should be provided as a provisional sum in the Summary Bill of Quantities. The inclusion of such provisional sums often facilitates budgetary approval by avoiding the need to request periodic supplementary approvals as the future need arises. Where such provisional sums or contingency allowances are used, the SCC should state the manner in which they will be used, and under whose authority (usually the Procuring Entity's Representative's).

The estimated cost of specialized work to be carried out, or of special goods to be supplied, by other contractors should be indicated in the relevant part of the Bill of Quantities as a particular provisional sum with an appropriate brief description. A separate procurement procedure is normally carried out by the Procuring Entity to select such specialized contractors. To provide an element of competition among the Bidders in respect of any facilities, amenities, attendance, etc., to be provided by the successful Bidder as prime Contractor for the use and convenience of the specialist contractors, each related provisional sum should be followed by an item in the Bill of Quantities inviting the Bidder to quote a sum for such amenities, facilities, attendance, etc.

Signature Box

A signature box shall be added at the bottom of each page of the Bill of Quantities where the authorized representative of the Bidder shall affix his signature. Failure of the authorized representative to sign each and every page of the Bill of Quantities shall be a cause for rejection of his bid.

These Notes for Preparing a Bill of Quantities are intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They should not be included in the final documents.

Section IX. Checklist of Technical and Financial Documents

Notes on the Checklist of Technical and Financial Documents

The prescribed documents in the checklist are mandatory to be submitted in the Bid, but shall be subject to the following:

a. GPPB Resolution No. 09-2020 on the efficient procurement measures during a State of Calamity or other similar issuances that shall allow the use of alternate documents in lieu of the mandated requirements; or

b. any subsequent GPPB issuances adjusting the documentary requirements after the effectivity of the adoption of the PBDs.

The BAC shall be checking the submitted documents of each Bidder against this checklist to ascertain if they are all present, using a non-discretionary "pass/fail" criterion pursuant to Section 30 of the 2016 revised IRR of RA No. 9184.

Performance Securing Declaration (Revised)

[if used as an alternative performance security but it is not required to be submitted with the Bid, as it shall be submitted within ten (10) days after receiving the Notice of Award]

REPUBLIC OF THE PHILIPPINES)
CITY OF _____) S.S.

PERFORMANCE SECURING DECLARATION

Invitation to Bid: [Insert Reference Number indicated in the Bidding Documents]
To: [Insert name and address of the Procuring Entity]

I/We, the undersigned, declare that:

1. I/We understand that, according to your conditions, to guarantee the faithful performance by the supplier/distributor/manufacturer/contractor/consultant of its obligations under the Contract, I/we shall submit a Performance Securing Declaration within a maximum period of ten (10) calendar days from the receipt of the Notice of Award prior to the signing of the Contract.

2. I/We accept that: I/we will be automatically disqualified from bidding for any procurement contract with any procuring entity for a period of one (1) year for the first offense, or two (2) years **for the second offense**, upon receipt of your Blacklisting Order if I/We have violated my/our obligations under the Contract;

3. I/We understand that this Performance Securing Declaration shall cease to be valid upon:

   a. issuance by the Procuring Entity of the Certificate of Final Acceptance, subject to the following conditions:
      i. Procuring Entity has no claims filed against the contract awardee;
      ii. It has no claims for labor and materials filed against the contractor; and
      iii. Other terms of the contract; or

   b. replacement by the winning bidder of the submitted PSD with a performance security in any of the prescribed forms under Section 39.2 of the 2016 revised IRR of RA No. 9184 as required by the end-user.

IN WITNESS WHEREOF, I/We have hereunto set my/our hand/s this ____ day of [month] [year] at [place of execution].
