

Philippine Economic Zone Authority

BAC RESOLUTION NO. 2019-013

WHEREAS, the Bids and Awards Committee (BAC received a Memorandum dated 07 August 2019 from the Human Resource Development Department (HRDD) relative to the training program that will capacitate PEZA officials and employees on urban and regional planning, particularly “Ecozone Planning and Management”;

WHEREAS, the HRDD recommended the University of the Philippines – School of Urban and Regional Planning (UP-SURP) to conduct the said training program under the negotiated procurement of agency to agency, justifying that securing the services of UP-SURP is more economical and efficient;

WHEREAS, the PEZA, in support of President Rodrigo Roa Duterte’s 0+10 point socio-economic agenda, has embarked on “revolutionizing PEZA” through creation of regional economic zones and industrial/smart cities throughout the country; In implementing the said initiative, PEZA has engaged the support and expertise of the UP-SURP towards capacitating Local Government Units (LGUs) in establishing regional ecozones;

WHEREAS, in order to institutionalize partnership in pursuit of the common goal to sustain economic growth, PEZA and UP-SURP inked a Memorandum of Understanding (MOU) on 22 July 2019 for purposes of capacity building activities and provision of technical assistance to PEZA on designing environmentally sustainable development and low carbon ecozones, among others;

WHEREAS, based on the said MOU, UP-SURP made a proposal to conduct a 10-day training program for 50 PEZA officials and employees in the amount of **PhP1,950,000.00**, which shall cover the training fees for the program designed to enable PEZA to address the need for more efficient and effective management of its resources and operations supportive of the development pursuit at local, regional and national levels. It is aimed to provide an overview of urban and regional planning by laying down the theoretical foundations, as well as legal and policy context of planning;

WHEREAS, considering that PEZA and UP-SURP has been collaborating on this program since its inception and the amount offered to cover training fees is for a program that is specially designed for PEZA, engaging the services of UP-SURP for this particular training program will be *more economical and efficient* than securing the services of a private provider who has to start from scratch in designing a program; In addition, PEZA is assured of the quality of training to be provided as UP-SURP is the premiere and the only institution offering this type of technical training.

NOW, THEREFORE, We, the Members of the Bids and Awards Committee, hereby RESOLVE as it is hereby RESOLVED, to recommend to the Director General, as Head of

the Procuring Entity, the Award of Training Program on Ecozone Planning and Management for PEZA Personnel under Section 53.5 (Agency to Agency) of 2106 Implementing Rules and Regulations (IRR) of RA 9184 in the amount of **PhP1,950,000.00 (One Million Nine Hundred Fifty Thousand Pesos Only)** to UP-SURP.

This alternative method of procurement shall be subject to the signing of a Memorandum of Agreement (MOA) between the Procuring Entity and the Servicing Agency.

RESOLVED, at the PEZA Head Office, this ___th day of August 2019.
