9. Clarification and Amendment of Bidding Documents

Prospective bidders may request for clarification on and/or interpretation of any part of the Bidding Documents. Such requests must be in writing and received by the Procuring Entity, either at its given address or through electronic mail indicated in the **IB**, at least ten (10) calendar days before the deadline set for the submission and receipt of Bids.

10. Documents comprising the Bid: Eligibility and Technical Components

10.1. The first envelope shall contain the eligibility and technical documents of the Bid as specified in **Section VIII (Checklist of Technical and Financial Documents)**.

10.2. The Bidder's SLCC as indicated in **ITB** Clause 5.3 should have been completed within **(3) Years** prior to the deadline for the submission and receipt of bids.

10.3. If the eligibility requirements or statements, the bids, and all other documents for submission to the BAC are in foreign language other than English, it must be accompanied by a translation in English, which shall be authenticated by the appropriate Philippine foreign service establishment, post, or the equivalent office having jurisdiction over the foreign bidder's affairs in the Philippines. Similar to the required authentication above, for Contracting Parties to the Apostille Convention, only the translated documents shall be authenticated through an apostille pursuant to GPPB Resolution No. 13-2019 dated 23 May 2019. The English translation shall govern, for purposes of interpretation of the bid.

11. Documents comprising the Bid: Financial Component

11.1. The second bid envelope shall contain the financial documents for the Bid as specified in **Section VIII (Checklist of Technical and Financial Documents)**.

11.2. If the Bidder claims preference as a Domestic Bidder or Domestic Entity, a certification issued by DTI shall be provided by the Bidder in accordance with Section 43.1.3 of the 2016 revised IRR of RA No. 9184.

11.3. Any bid exceeding the ABC indicated in paragraph 1 of the **IB** shall not be accepted.

11.4. For Foreign-funded Procurement, a ceiling may be applied to bid prices provided the conditions are met under Section 31.2 of the 2016 revised IRR of RA No. 9184.

12. Bid Prices

12.1. Prices indicated on the Price Schedule shall be entered separately in the following manner:

a. For Goods offered from within the Procuring Entity's country:

i. The price of the Goods quoted EXW (ex-works, ex-factory, ex warehouse, ex-showroom, or off-the-shelf, as applicable);

ii. The cost of all customs duties and sales and other taxes already paid or payable;

iii. The cost of transportation, insurance, and other costs incidental to delivery of the Goods to their final destination; and

iv. The price of other (incidental) services, if any, listed in the **BDS.**

b. For Goods offered from abroad:

i. Unless otherwise stated in the **BDS**, the price of the Goods shall be quoted delivered duty paid (DDP) with the place of destination in the Philippines as specified in the **BDS**. In quoting the price, the Bidder shall be free to use transportation through carriers registered in any eligible country. Similarly, the Bidder may obtain insurance services from any eligible source country.

ii. The price of other (incidental) services, if any, as listed in the **BDS.**

13. Bid and Payment Currencies

13.1. For Goods that the Bidder will supply from outside the Philippines, the bid prices may be quoted in the local currency or tradeable currency accepted by the BSP at the discretion of the Bidder. However, for purposes of bid evaluation, Bids denominated in foreign currencies, shall be converted to Philippine currency based on the exchange rate as published in the BSP reference rate bulletin on the day of the bid opening.

13.2. Payment of the contract price shall be made in:

a. Philippine Pesos.

14. Bid Security

14.1. The Bidder shall submit a Bid Securing Declaration or any form of Bid Security in the amount indicated in the **BDS**, which shall be not less than the percentage of the ABC in accordance with the schedule in the **BDS**.

14.2. The Bid and bid security shall be valid until 120 days. Any Bid not accompanied by an acceptable bid security shall be rejected by the Procuring Entity as non-responsive.

15. Sealing and Marking of Bids

Each Bidder shall submit one copy of the first and second components of its Bid.

The Procuring Entity may request additional hard copies and/or electronic copies of the Bid. However, failure of the Bidders to comply with the said request shall not be a ground for disqualification.

If the Procuring Entity allows the submission of bids through online submission or any other electronic means, the Bidder shall submit an electronic copy of its Bid, which must be digitally signed. An electronic copy that cannot be opened or is corrupted shall be considered non-responsive and, thus, automatically disqualified.

16. Deadline for Submission of Bids

16.1. The Bidders shall submit on the specified date and time and either at its physical address or through online submission as indicated in paragraph 7 of the **IB.**

17. Opening and Preliminary Examination of Bids

17.1. The BAC shall open the Bids in public at the time, on the date, and at the place specified in paragraph 9 of the **IB**. The Bidders' representatives who are present shall sign a register evidencing their attendance. In case videoconferencing, webcasting or other similar technologies will be used, attendance of participants shall likewise be recorded by the BAC Secretariat.

In case the Bids cannot be opened as scheduled due to justifiable reasons, the rescheduling requirements under Section 29 of the 2016 revised IRR of RA No. 9184 shall prevail.

17.2. The preliminary examination of bids shall be governed by Section 30 of the 2016 revised IRR of RA No. 9184.

18. Domestic Preference

18.1. The Procuring Entity will grant a margin of preference for the purpose of comparison of Bids in accordance with Section 43.1.2 of the 2016 revised IRR of RA No. 9184.

19. Detailed Evaluation and Comparison of Bids

19.1. The Procuring Entity's BAC shall immediately conduct a detailed evaluation of all Bids rated "*passed*," using non-discretionary pass/fail criteria. The BAC shall consider the conditions in the evaluation of Bids under Section 32.2 of the 2016 revised IRR of RA No. 9184.

19.2. If the Project allows partial bids, bidders may submit a proposal on any of the lots or items, and evaluation will be undertaken on a per lot or item basis, as the case maybe. In this case, the Bid Security as required by **ITB** Clause 14 shall be submitted for each lot or item separately.

19.3. The descriptions of the lots or items shall be indicated in **Section VII (Technical Specifications)**, although the ABCs of these lots or items are indicated in the **BDS** for purposes of the NFCC computation pursuant to Section 23.4.2.6 of the 2016 revised IRR of RA No. 9184. The NFCC must be sufficient for the total of the ABCs for all the lots or items participated in by the prospective Bidder.

19.4. The Project shall be awarded as follows:

One Project having several items that shall be awarded as one contract.

19.5. Except for bidders submitting a committed Line of Credit from a Universal or Commercial Bank in lieu of its NFCC computation, all Bids must include the NFCC computation pursuant to Section 23.4.1.4 of the 2016 revised IRR of RA No. 9184, which must be sufficient for the total of the ABCs for all the lots or items participated in by the prospective Bidder. For bidders submitting the committed Line of Credit, it must be at least equal to ten percent (10%) of the ABCs for all the lots or items participated in by the prospective Bidder.

20. Post-Qualification

20.2. Within a non-extendible period of five (5) calendar days from receipt by the Bidder of the notice from the BAC that it submitted the Lowest Calculated Bid, the Bidder shall submit its latest income and business tax returns filed and paid through the BIR Electronic Filing and Payment System (eFPS) and other appropriate licenses and permits required by law and stated in the **BDS**.

1 LOT	**Specifications**		.
	ISO Certification	Solution must come from an ISO 9001 or ISO 9002 company.	
	Quality Assurance	1. The company of the proposed solution must have a website where information and description on product specifications can be viewed by the end-user.	
		2. Manufacturer's website should have downloadable manuals.	
		3. Company must have a Technical Support or Customer Support Website.	
	Bidder's Qualification	1. Bidder must be an authorized partner to sell and provide after sales support to the proposed solution.	
		2. The bidder must have the following local and regular personnel. Submit CV's, IDs and Training Certificates: A. One (1) Certified Project Manager as a single contact person for the implementation of the project B. At least two (2) certified and experienced engineers specialized on the product to be supplied. Said engineers shall provide technical support during the contract implementation	
		3. Bidder must have a local office to provide all required software, licenses, and support.	
		4. Bidder must have support services available 24x7 via phone or email with a response time minimum of 4 hours from receipt of email. Procedures on support and problem escalation should be submitted.	

		5. The Service Provider must have a Service Desk Support System in place to accommodate PEZA technical requests. The service desk system will provide a ticket for each technical request or issue and will provide continuous status and report until the resolution with the following Service Level Agreements: The bidder must submit the procedure on support and escalation. A. 24 x 7 available technical support B. thirty (30) minutes response time upon receipt of the call and four (4) hours to (6) hours onsite support	
	General Requirements	1. Must be an access control method that uses client device identification, authentication, and Zero Trust tags to provide role-based application access	
		2. The access control must have the ability to manage network access for On-local network users and Off-network remote users.	
		3. Must be compatible to existing NGFW solution which already has ZTNA feature built-in without any additional license	
		4. The users and devices must have the same sets of rules when accessing On-Net and Off-Net.	
		5. The remote access users accessing internal application via standard browser with the need of using SSL VPN tunnels.	
		6. Solution must be powered by a single operating system similar to existing NGFW solution.	
		7. Can be managed by a cloud-based endpoint management system or equivalent platform	
	Features and Functionality	1. Must support key components; Access proxy, Endpoint agent and Endpoint management system.	
		2. The device identity must be established through client certificates, and the device trust context is established between endpoint client, End-point management system, and the access proxy, are integral to ZTNA.	

		3. The connection from End-point client agent to Endpoint management System must use TCP and TLS 1.3 and during the SSL connection setup, the endpoint management system sent a server certificate to the client.	
		4. The Endpoints Management system must have the ability to add SSL certificate with the following method; A. the Automated Certificate Management Environment (ACME), as defined in RFC 8555 B. manually upload an SSL certificate	
		5. The access proxy maintains a continuous connection to the Endpoint management server to synchronize endpoint device information, including primarily: the client agent UID, Client certificate SN, Endpoint management server SN and Device credentials (user/domain), Network details (IP and MAC address and routing to the access proxy).	
		6. Solution must be compatible with existing NGFW security policy configuration that allow tags to control access between on-net devices and an internal web server. This mode does not require the use of the access proxy, and only uses ZTNA tags for access control. Traffic is passed when the endpoint is tagged as Low risk only. Traffic is denied when the endpoint is tagged with Malicious-File-Detected.	
		7. The TCP forwarding access proxy must be able to support FQDN access method.	
		8. Must support concurrent device check verification for active ZTNA proxy session	
	Features and Functionality	9. Must support termination of access to client once it trigger not to be compliant	
		10. Must support different authentication options such as RADIUS, LDAP, local database, xAuth, TACACS+, digital certificate (X509 format) and existing MFA solution	
		11. Should be able to integrate with existing active directory for deployment of agents	

		12. The endpoints provide the following information to Endpoint management system when they register to the endpoint management system: A. Device information (network details, operating system, model, and others) B. Logged on user information C. Security posture (On-net/Off-net, antivirus software, vulnerability status, and others) D. Obtains a client device certificate from the EMS ZTNA Certificate Authority (CA) when it registers to EMS.	
		13. The Endpoint management system issues and signs the client certificate with the UID, certificate serial number, and EMS serial number then; A. The certificate is synchronized to the Access proxy. B.The endpoint management system also shares its ZTNA CA certificate with the access proxy, so that the access proxy can use it to authenticate the clients. C. The endpoint management system uses zero trust tagging rules to tag endpoints based on the information that it has on each endpoint.	
		14. The ZTNA access proxy must support access based for the following: A. http/https type of application. B. TCP based application with TCP forwarding access proxy.	
	Compatibility	Must be able to integrate with PEZA's existing Next Generation Firewall	
	Knowledge Transfer	Complete features, administration, and configuration of the product.	
	Deployment	Installation, configuration, testing, and troubleshooting.	
	License	600 Licenses with 3 years validity	
	Project Completion	Delivery Period - 30 days	
		Implementation - 30 days	
		Total Completion - 60 Days
