II. Queries

QUERIES	RESPONSE/ CLARIFICATION
Technical Specifications (Page 20):	
RAM: 32GB DDR5 1. For most slim and touchscreen laptop designs, the RAM is typically soldered as LPDDR5X. We kindly request your confirmation on whether soldered LPDDR5X (non-upgradable) RAM is acceptable,	1. This should be accepted since no configuration for RAM was specified in the bid documents.

provided it meets the required 32 GB capacity. 2. May we request that the RAM requirement be relaxed from 32GB DDR5 to at least 16GB?	 2. A minimum of 32 GB of RAM is required for all new office equipment purchases to ensure compliance with the agency's security solutions and modern operating requirements.
Display Size: 13" to 13.3", Touchscreen, 120 Hz 1. May we kindly request consideration of a 60Hz refresh rate, as our brand Lenovo has no model with 120 Hz refresh rate? 2. Additionally, would you consider accepting a maximum screen size of 14 inches, should other specifications be met?	 1. We will accept a 60Hz refresh rate since the laptop will be used mainly for office and productivity software. 2. 14" bezel-less will be accepted as they are comparable to 13" models with bezels.
Display Resolution: Minimum QHD (2560 × 1440) 1. May we respectfully request consideration to relax the resolution requirement to 1920 × 1200 (WUXGA) or FHD+, while still maintaining display quality and usability?	 1. QHD (2560×1440) display resolution shall be retained to ensure optimal clarity and productivity. Compared to FHD+ resolutions, QHD provides higher pixel density, which significantly improves text sharpness, data visibility, and screen real estate.
Operating System: Windows 11 1. Kindly confirm the required edition of Windows 11. 2. We would like to confirm if the required operating system (OS) is Windows 11 Pro.	 1. The required OS is Windows 11 Pro. 2. Yes. Windows 11 Pro
Weight Requirement: Maximum 1.0 kg 1. May we request consideration to relax the maximum weight to 1.35 kg? We note that while we have touchscreen models weighing less than 1 kg, such models do not support pen input, whereas models with pen support slightly exceed the 1 kg limit. 2. We kindly request consideration to adjust the maximum weight requirement from 1 kg to 2 kg.	 1. A maximum weight of 1.0 kg is required to ensure portability, reduce user fatigue, and support mobile work requirements. We should retain this requirement. 2. No. Weight is an important specification for this project. We will retain the 1kg. max.
Warranty: On-site 1. Instead of a 3-year onsite warranty, may we request that this be modified to at least a 3-year onsite unit replacement?	 1. The onsite requirement in the warranty pertains to the defective unit will be picked up at the PEZA Head Office either for

	replacement or repair outside the office. This request is acceptable.
Delivery Period 1. May we request that the delivery period be extended from 90 days upon receipt of the Notice to Proceed (NTP) to at least 120 days upon receipt of the NTP, due to material shortages?	1. We can extend the delivery period from 90 days upon receipt of the NTP to 120 days at most upon receipt of the NTP.
I/O Ports: 2x USB Type-C; 1x USB Type-A. 1. May we request confirmation if the hub should be of the same brand as the item being offered to PEZA? 2. Is it allowed to use adapters to accommodate the required ports?	1. Our requirement is for the USB hub to be of the same brand to minimize potential incompatibilities. 2. Yes, we will allow the USB Hub.
Form Factor: 2-in-1 1. We would like to confirm if this refers to a PC tablet with a keyboard that is flippable or detachable?	1. The laptop keyboard could either be flippable (360-degree) or detachable to provide greater versatility in usage scenarios. This configuration allows the device to function effectively as both a traditional laptop and a tablet, supporting varied work requirements such as document preparation, note-taking, presentations, field data collection, and touchscreen-based applications.
Processor: Intel Core Ultra 7 255U 1. May we request to relax it into at least Ultra 7 268V (minimum of 8 Cores)?	1. The proposed processor does not meet the required number of cores; therefore, the request for relaxation cannot be accommodated.
Quantity: 1. We respectfully request a reduction to 25 units, given the recent price hikes in the supply chain, especially for AI chips and related materials, and the elevated US dollar exchange rate.	1. We will retain the quantity of 32 units as reflected in the price schedule.
Pen:	1. The pen should be of the same brand.

2. Whether the specification for the pen support requirement is mandatory?	2. Yes, pen is mandatory.

ALL REQUIREMENTS/ SPECIFICATIONS PROVIDED IN THE BIDDING DOCUMENTS, NOT OTHERWISE REVISED OR AMENDED BY THE ABOVE, SHALL REMAIN IN FORCE AND IN EFFECT.

For the information of all concerned.

Issued this **15 January 2026** at PEZA Head Office, Pasay City.
